Changes to the sixty percent design of the Northwest Multimodal Bus Rapid Transit Project

Background:

The City of Oklahoma City through COTPA was awarded a 2018 BUILD Grant to construct the OKC Northwest Multimodal Bus Rapid Transit (BRT) Project. The Board received the 60% Design Plans for the project at the September 3, 2021 meeting. Since the September meeting, staff have determined it may be in the best interest of the project to make some changes to the 60% design and is asking the Transportation Committee to consider removing one BRT station pair located at the intersection of N.W. 30th and Classen Boulevard and moving a station platform at NW Expressway and Pennsylvania and adding a sidewalk connecting Pennsylvania to Villa. Staff will present an overview of the changes during today's meeting.

Recommendation:

Direct staff to include proposed changes in the final plans approved by COTPA and the City of Oklahoma City.
